

HOME & SCHOOL

November 2017

Dear Margaret Manson Parents,

Every year Home and School fundraises so that we can provide the school with activities, improvements and services which will enhance the educational experience of every child enrolled in the school. **This year, our main fundraising goal is to help the school purchase some new and exciting Educational Technology – more details to come!**

To help with this, Home and School is once again partnering with **Mabel's Labels** and **QSP**, two very well known Canadian companies with incredible fundraising programs. Each time you make an order, MMES gets a contribution back which in turn will help make a difference in our children's lives.

So, if you are thinking about magazine gifts for the holidays or in need of some good sturdy labels for your kid's winter clothing, lunch and/or school supplies then you should check out these two great fundraising initiatives and what they have to offer and more!

These fundraisers will run throughout the year, so you may order and re-order at anytime.

For more information, consult the attached flyers or visit:
